PLENTY OF WHEAT AREA.

BECRETARY WILSON CONFUTES PROF. CROOKE'S ASSERTIONS.

He Says the Professor Was Excited in Talk-ing About This Country and the Exhaustion of Land for Baising Wheat-Available Land Used for Other Things.

WASHINGTON, Sept. 24.-James E. Wilson, Secretary of Agriculture, in his recent absence from the city read Sir William Crooke's Presdential address to the British Association at Bristol upon the wheat supply of the world. published in THE SUS of last Monday, and upon his return to the city to-day expressed with much vigor his dissent from Sir William's con-

Prof. Crooke," said the Secretary to a Sun reporter, "takes the position that the possible wheat lands throughout the whole world have been brought under cultivation—that there are no more in the United States. It is true that the territory of the United States has been settled clear to the Pacific coast; but it is also true that lands originally sown in wheat and devoted to some other crops would again produce wheat abundantly if the price were high enough. The corn belt in the Mississippi Valley was devoted by the original settlers to the raising of wheat to a considerable extent, and continuous growing of that crop for ten or twelve years without rotation exhausted the available plant food. Farmers then turned their attention to stock raising, growing crops to feed their animals, rotating grains and grass. These grass lands will yield wheat as abundantly as ever: but it is grown now so abundantly that farmers do not get good prices for it.

"Wheat is an unusual grain," continued the "It can be grown where corn canhot: it can be grown where grasses cannot. Wheat is the highest priced cereal, the favorite food in Latin countries. It is always a cash article. New settlers in new countries reache by new railroads are generally men of small means, and they first produce wheat in their

ticle. New settlers in new countries reached by new railroads are generally men of small means, and they first produce wheat in their new locations, because it is a cash article. One of the States in the Middle West now producing little or no wheat could in a system of rotation produce a very large crop of wheat, and would do so were the price high enough to justify the effort. Wheat is not grown because it does not pay. To lilustrate: I was director of the lowa Agricultural Experiment Station for aix years. We found that one specimen of Russian wheat would produce in that locality forty bushels to the acre.

Within the past few years, through the agency of agricultural experiment stations, we have been able to ascertain the value of wheat as foodstuff for animals. We know that sixty bounds of average wheat will make thirteen bounds of live hog, and it is extensively fed the most nutritious of all grains. Its nutritive value is determined by the ratio existing between the bulk of nitrogenous and carbonaceous matter in the bereal. Wheat has one part of digestible nitrogenous to 6% of carbonaceous; cats, 1 to 15; rep. 1 to 7%; barley, 1 to 8; corn, 1 to 10; rice, 1 to 15; peas and beans, 1 to 2 or 3. Nothing comes nearer to being a complete ration for a human being than the army hardtack furnished to our soldiers, unless it be milk, and you san't always get that.

"When you civilize a man he wants wheat and beefsteak. The nitrogenous element in foad is sought by all classes and nationalities of people. To baked potatoes man adds buttermilk. The New Englander is partial to pork and beans; the one balances the other. Ostmeal and skim milk make a proper combination. The Ohlnaman, who is reported to live on rice, grows beans to eat with it; the Japanese add fish.

"But that is getting away from the point at issue, which is that the world's wheat lands, or, at least, so far as we are concerned, those of the United States are all under cultivation. Sir William is unduly exceted, and his emotion is caused by a lack of a

Genesee vaucy, which, he said, illustrated his contention.

"The first great wheat growing of the country was done there, but the people now feed live stock on the grass growing in the old wheat fields, and buytheir flour at Binneapolis, getting it for less money than it would cost them to make it. And yet these same grass lands could now produce as much wheat as ever, and would if it paid. Congressman Wadsworth, Chairman of the Committee on Agriculture in the House, who is fattening 700 steers on his place, and his neighbors as well find it more profitable to farm that way than to follow the practices of the early day, producing nothing but grain."

THE FUNERAL OF DR. HALL. of the Congregation.

Some further arrangements for the funeral of the Rev. Dr. John Hall, the late pastor of the Fifth Avenue Presbyterian Church, who died in Ireland, were made public yesterday. The Rev. Dr. William M. Patton of the Princeton Theological Seminary, who preached the sermon at Dr. Hall's installation in 1876, has accepted an invitation to take part in the funeral

Invitations have been extended to the Presidents of Yale University, Princeton, the New York University and Cornell to be present, and acceptances have already been received from

acceptances have already been received from some of them. Other invitations have been sent to the Secretary of the Board of Home Missions, of which Dr. Hall was President: to the President of the Alliance of Reformed Churches, and to the President of the Scotch-Irish Society, and representatives of various church denominations have been invited to act as fonorary palibearers.

Applications have already been received from a number of the societies with which Dr. Hall was connected for an allotment of space in the church for delegations who wish to be present. It is requested that applications of this character be forwarded as early as possible to either H. Edwards Howland, 218 Fulton street, Chairman of the Committee of Arrangements, or to Francis Forbes, Secretary, 34 Nassau street, in order that the proper allotments of space can be made. The committee also requests that Mrs. Hall's cabled wish that no flowers be sent for the funeral shall be strictly respected.

HE WILL KICK OUT THE WHITES. Enrge Task Which the Chief of All the Gods Has Confided to Chueng.

VANCOUVER, B. C., Sept. 24.—Newspapers from China contain the proclamation of Chueng, leader of the insurgents in southwest China. He says in part:

'I. Chueng, being appointed by the chief of all the gods to be commander of this rebellion. issue this proclamation with a special view to kicking out the barbarians and protecting China. The barbarians are, as all know, the people of Europe, who are aiming at the exercise of tyrannical power over all the world, depending on their craftiness to find their prey."

Cheung then, in a tirade against foreigners, calls them wicked, outrageous, ruel, tyrannical, outraging the gods, deceiving people through missionary wiles, and pretending to trade where they come to steal. Although their sins could not be washed out by all the rivers in China, yet the Chinese officials help them to despoil the country.

Chueng says he has 40,000 soldiers, 500 scothsayers, who, on the 24th day of the sixth month, will raise their standard and march to battle chasing the foreigners from China.

The Vicercy at Canton has forbidden the papers to publish the proclamation or discuss the rebellion. The greatest crime charged against Europeans is breaking into the Temple of Confessions, destroying the images of sages, and killing innocent Chinamen.

The China vernacular press say that the China. The barbarians are, as all know, the

men.

The China vernacular press say that the rebels are within twenty days march of Canton. Black Flag battalions are stationed at the west gate of the city, and many battalions has e been sent out to meet the rebels.

Mrs. Anna Donahue, widow of a San Francisco policeman, was a steerage passenger on the Cunard steamship Lucania, in yesterday the Cunard steamship Lucania, in yesterday from Liverpool and Queenstown. She brought with her the body of her d-year-old daughter. Agnes, who died on Wedn-sday morning of alcoholic poisoning. Mrs. Lonahue had two flasks in her berth, one containing lemonade and whiskey, which she used for seasickness, and the other containing water. The little girl awoke thirsty on Tuesday night and drank from the wrong flask. She was unconscious when the steerage atewardess looked in Mrs. Donahue's berth early on Wednesday morning, and she died in the evening.

Mr. Bayard Besting Comfortably.

DEDHAM, Mass., Sept. 24.—Dr. Hodgdon savs hat Mr. Bayard is resting comfortably to-ight and that there has been no special lange in his condition.

MURDERED BY PORTO RICARS.

They Kill a Spanish Merchant-No Tellow Fever at Ponce. Special Cable Despatches to THE Sum.
SAN JUAN, Porto Rico, Sept. 24.—It was re-

ported here yesterday that a mob of Porto Ricans assassinated José Reboys, a Spanish merchant, at Fajardo, on Friday night, and sacked and burned his house. His family were successful in making their escape. The town was left unguarded by the military, the Spanish soldiers having started on their march to San Juan for the purpose of embarking for Spain and the American marines having been with-

drawn some time ago.

A force of fifty men of the civil guard was sent to Fajardo from here last night by Captain-General Macias on board the steamer Vazco. and the guard which has been evacuating all of the neighboring towns has been ordered back. It is probable that American troops will be sent to Fajardo before the civil guard again

retires from the town.
PONCE, Porto Rico, Sept. 24.—Surgeons Birmingham and Seaman, who were appointed to investigate the condition of the camp and city in relation to the prevalence of yellow fever, madtheir final report yesterday to Gen. Henry. Major Seaman reports his belief that there is not a single case of yellow fever here, and both express their belief that all danger of the discase has passed.

The general sickness from all diseases to-day was about 25 per cent.

HERORS OF OMDURMAN. The 31st Infantry May Have a Furlough in

Recognition of Its Bravery. Special Cable Desputch to THE SUN. LONDON, Sept. 24.-It is reported that the War Office has granted to the Twenty-first In-fantry a short furlough in recognition of its

bravery at Omdurman. Otherwise the regi-ment would have gone direct from Egypt to

India for a two-years' stay. According to report it has now been arranged that the regiment shall first come to London, and march with full equipment from the docks to the Knightsbridge barracks, receiving an ovation throughout the march. A committee composed of all branches of the military service are making arrangements to present the regiment with a gold shield commemorative of

Prince Henry Weds Princess Feedors. Special Cable Dezpatch to THE SUR.

its famous charge at Omdurman.

Berlin, Sept. 24.-Princess Feeders of Saxe-Meiningen and Prince Henry of Reuss were married at Breslau this morning in the presence of Empress Frederick of Germany. the King of Saxony and other royalties.

Prince Henry is the son of Heinrich XXII. the reigning Prince of Reuss-Greiz. He is 20 years old. His bride is the granddaughter of George II., the reigning Duke of Saxe-Meiningen. She is 19 years old. Ambassador Porter Will Give a Dinner.

Special Cable Despatch to THE SUR.

Paris, Sept. 24.—United States Ambassado

Porter has arranged to give a dinner to the American Commissioner and his assistants in charge of the interests of the United States at

the Paris Exposition.

Camera Fiends Get Views of the Operation of Delaware's Ancient Institution.

WILMINGTON, Del., Sept. 24.-Delaware's ancient institution of punishing prisoners with the lash was brought into use again to-day at the New Castle jail, when six culprits were

the New Castle jail, when six culprits were whipped with the cat-o'-nine-tails in the hands of Sheriff William R. Film. For the first time in many years there was no victim to stand in the pillor.

A crowd of nearly one thousand persons filled the jail yard, for the whippings are public, and many camera flends were present to obtain views of the squirming prisoners and Sheriff Film.

A cool wind was blowing from the Delaware River, which caused the culprits, standing with bared backs, to shiver. The lashes were well laid on the skin, and long, red welts were generally raised.

well laid on the skin, and long, red welts were generally raised.

Theodore Carlin, Dennis Vaughn and Joseph Vaughn, who stole 144 cans of corn, got ten isshes each, and George Carney, colored, who stole 50 cents from a friend, had ten lashes laid on his back, after which he was led to a cell, where he will serve a sentence of six months.

Frank Congo, who stole a pair of shoes, received fifteen lashes and will be imprisoned six months, while Willard Raikes, for the larceny of a pair of trousers and a pair of shoes, received fifteen lashes. He will be confined six months.

MRS. HAZEN AT HER SON'S SIDE. Reached Him in Six Hours After Leaving Washington, D. C.

John Hazen, son of the late Gen. W. R. Hazen, of Washington, D. C., who was injured by a fall on Friday while horseback riding on Bichmond turnpike, Tompkinsville, S. I., had the memturnpike, Tompkinsville, S. I., had the members of his family at his bedside yesterday. He is lying at the Smith Infirmary, New Brighton, and at 2 o'clock yesterday morning his mother, with his aunt, Mrs. William Ludlow, wife of Major-Gen. Ludlow, and Capt. Frederick Bugher, U. S. A., a son of Mrs. Ludlow, arrived at the hospital on a special train from Washington. The party alighted at West New Brighton, where carriages were in waiting, and Mrs. Hazen was at the bedside of her son within six hours after leaving Washington. Mr. Hazen regained consciousness for the first time yesterday afternoon, and he is still in a critical condition.

GEYSER IN EIGHTH AVENUE,

Main Bursts, Drenches Workmen and Starts

a Temporary Local Water Famine. Eighth avenue, near Thirty-eighth street, out of the packing of an 8-inch water main. Workmen in the underground trolley trench at that point jarred the pipe, and were drenched by a fountain, which shot nearly to the top of a neighboring electric light pole. A few passers also were wet.

The water was shut off, and not turned on again until yesterday afternoon, when the break was repaired. A local water famine set in, which caused a thriving trade in beer at the neighboring saloons. out of the packing of an 8-inch water main.

ROUGH RIDER MADE A DETECTIVE.

Breen, Who Was with Boosevelt, Sent to the West Thirty-seventh Street Station. Chief Devery yesterday appointed Policemen William Breen a precinct detective and assigned him to the West Twentieth street station. Breen was a member of the rough riders and served throughout the campaign in Cuba. Col. Roosevelt said of him:

"Breen is one of the bravest men I had in Cuba. At the battle of San Juan I found him at the front defying death, and it was in that charge he gained the Sergeant's stripes for bravery."

Detective Harrison Released.

Recorder Stanton of Hoboken heard the charges against State Detective Joseph Harriconarges against state Detective Joseph Harrison yesterday and dismissed them. Harrison was arrested by Detectives Weinthaland Quinn of the Hoboken Police Headquarters and accused of representing himself as a Headquarters detective. The Recorder said there had been no proper grounds for the arrest. Detective Harrison will now sue the city for false imprisonment.

The Weather.

There was an area of low pressure central on th coast of New York yesterday, causing cloudy and showery conditions in this vicinity and rain over the New England States and northern New York. There was a second disturbance central over the upper lake section, moving eastward, preceded by threatening conditions. Fair weather prevailed south of the lakes and west of the Mississippi sliver. It was colder in the central Western States, with conditions favorable for frost in Nebrasks, western Hansas, and lows. In the Mississippi Valley and to

to the eastward it was warmer.

In this city the day was cloudy, with a light shower or two; average humidity 88 per cent; wind west-erly, average velocity 16 miles an bour; highest official temperature 78°, lowest 45°; barometer, cor rected to read to ses level, at 8 A. M. 29.74, 3 P. M.

The temperature as recorded by the official thermometer and also by The Sun's thermometer at the street level is shown in the annexed table:

Mar another New Xush, chrestoning wanter, with showers; worth years wormer; brick without winds,

PAID \$20 FOR FEAST AND BRIDE. Got Feast and Headache, but No Bride,

and the Court Gave Him His Money. Andrew Schwarb, a coal miner, of Cornwall, Pa., saved up \$20 in addition to the cost of transportation for two from New York, and then came here to procure a wife for whom he was willing to pay the \$20. He arrived in this city four days ago and was introduced to Samuel Newman, who has a saloon at 161 Attorney street. Newman promised to get the miner a wife and provide a band and a wed-

ding feast, consisting of beer, whiskey, and sandwiches, for \$20. Schwarb was told to report on Thursday night at Newman's saloon, where he would meet the girl and where the party would be held. Schwarb got there on time and was in-troduced to a young woman, who kissed him. He returned the salute with interest. Then the three musicians played, beer flowed, and the three musicians played, beer flowed, and the sandwiches disappeared. The bride kissed Schwarb and told him that she would meet him next day and marry him. They met, and Schwarb told her he expected her to go to Pennsylvania with him. She refused and left him. Schwarb was angry. He went to the Essex Market Court and asked Magistrate Brann to compel Newman to return the \$20. "What do you want for \$20!" asked the Magistrate. "A wife, a band of music and all you could eat and drink?"

"But, Chudge, yer Honor," said Schwarb, "All I got fer mine \$20 was a headache."

The Magistrate issued a summons for Newman, who appeared in the police court yesterday." "I took the \$20 and and and and want."

man, who appeared in the book the \$20 and day.

"Judge," he said, "I took the \$20 and agreed to get him a wife. I kept my part of the agreement. I got him the girl and provided the music and refreshments. I am a respectable man and would cheat nobody."

"But he did not get the wife," said the Mag-

"But he did not get the wife," said the Mag-istrate.
"That was his fault," said Newman.
"I would suggest that you pay him back the money if you are a respectable man," said the Magistrate. Newman did so, but as he was going out of court he said: "I don't think I am the best man in this case. I lose the price of the musio, the beer, the whiskey and the graph"

CARLOAD OF STONE FELL ON HIM. Young Isldor Widmann the Victim of a Peculiar Accident.

LONG BRANCH, N. J., Sept. 24.—Isidor Wid- Stehl } ... Widmann of East Sixty-third street, New York city, lies at the Monmouth Memorial Hospital at this place at the point of death. He was seated with his father in a boat fishing in the Shrewsbury River at Highland Beach, close to the railroad draw, this afternoon, when a train loaded with stone passed over the draw. When the train was about half way over the bridge the lock of one of the cars tripped and the en-

NEGRO SHOT A CONSTABLE.

The Criminal Taken to Jall at Norfolk to Save Him from Lynching.

NORFOLK, Va., Sept. 25 .- Near Princess Anne Court House, Va., this morning a negro named Oscar Lovitt shot and killed Constable M. J. Beasley, who attempted to arrest him for lar Beasley, who attempted to arrest him for lar-ceny. He escaped, but was arrested later at Ninmos and lodged in jail.

A mob assembled, which it was feared would take the prisoner out and hang him. The officers therefore drove overland with their prisoner to Norfolk, where they lodged him in the city jail for safekeeping.

Yellow Fever at Baton Rouge.

New Orleans, Sept. 24.—A case of yellow fever is reported at Baton Rouge. The patient arrived there from Harvey's Canal, where there are a number of persons sick of the fever.

IN THE FOOTBALL WORLD.

YALE'S ELEVEN DEFEATS TRINITY AT HARTFORD, 18 TO 0. Iniversity of Pennsylvania Rolls Up a Big

Score Against Franklin and Marshall-Celgate Scores Against Cornell-Indians Open Auspiciously - On Other Fields. The intercollegiate football season was formally opened yesterday. Yale's eleven went to Hartford and outplayed Trinity College by a score of 18 to 0. The University of Pennsylvania players rolled up 41 points and shut Franklin and Marshall out. Cornell defeated Colgate, but was unable to keep the latter from scoring in the second half. The Carlisle Intians opened auspiciously by snowing Blooms burg under to the tune of 43 to 0, the largest score of the day. Princeton and Harvard had

TALE, 18; TRINITY, 0. Hartrond, Sept. 24.—On the Trinity College campus this afternoon Yale's football eleven defeated the home team by a score of 18 points to 0. The match opened the season for both colleges, and the quality of football put up was much superior to that usually shown in an opening game, proving that both elevens are rapidly getting into condition for the shor eason before them. The first half was of thirty and the second of eighteen minutes. All Yale's scoring was done in the first half, the substitution of a full new set of backs in the second half apparently causing several misunderstand ings in the signal code.

Yale began by playing a kicking game, and with the wind in his favor McBride punted half the length of the field twice. Trinity made a series of short rushes back, but fumbled, and McBride took the ball over the goal line in 5 minutes 30 seconds. Dudley made the second touchdown in 8 minutes 20 seconds, and also the third in 12 minutes 40 and also the third in 12 minutes 40 seconds. Brown's three tries for goal from touchdown were successful. Corwin and Dudley made some effective line plunges and Durston secred the longest run of the day. a forty-pard dash through tuckle. Yale's backs and ends were far and away superior to Trinity's, but in the line the Hartford boys played as sharp as the visitors.

Haymond Townsend, one of Yale's promising backs, broke his nose in a scrimmage in the first half, and is Yale's first player of the season to get his name on the hospital list. During the game Trinity did not threaten the Yale goal. The cold wave which struck here two hours before the game brought the temperature down to 40% and the playors were as sprightly as in a Thanksgiving Day contest. The line-up.

U. OF P., 41; FRANKLIN AND MARSHALL, 0.
PHILADKIPHIA, Sept. 24.—The University of Pennsylvania football team won a victory against Franklin and Marshall in the first game of the season this afternoon, defeating the visitors by a score of 41 to 0. The first half netted Pennsylvania 34 points, to which they added a touchdown and a safety in the second half. Considering that it was their first game of the season the Quakers played a strong game. Carnett, Overfield, Hare and Outland of last year's team figured most prominently in the contest, all four doing excellent work at rushing the ends, bucking the line and kicking.
Coach Woodruff's new material played in a form that goes to say that they are possessed of the real gridiron stamina, among others Harrison and Gardiner giving the strongest evidence of this fact.

Gardiner at quarter back played a game that was brilliant and full of vim, while flarrison's skirting of the end on several occasions was wildly cheered by the crowd. In the first half he secured the ball on a quarter-back kick on the twenty-fley-yard line, and although it seemed as though he would be downed at every stride, he succeeded in carrying the ball into the coveted territory for a touchdown.

The Laucasterians played a remarkably weak game in the first half. Their efforts at gaining ground proved utterly fruitless, and their attempts at kicking were very weak. The principal feature in their game was the tackling of Schneider and Peters. The visitors spruced up somewhat in the second half, and several times succeeded in carrying the ball for short distances. The line-up: U. OF P., 41; FRANKLIN AND MARSHALL, O.

University of Pennsylvania, Folwell McMahon } ... Left tackie. .. Peters

Left gnard... Bight guard Right tackle.Gluck Quarter back. Right half back Metszenthal NDIANS, 43; BLOOMSBURG NORMAL SCHOOL, O.

Carlisle, Sept. 24.—The football season opened to-day on the new athletic field at the Carlisle Indian School with a game with the Bloomsburg Normal School, one of the strongest football teams in the State. They played fifteen-minute halves, the Indians winning by 43 points to 0. The Indians showed up well under the coaching of Hall, one of Yale's star players on last year's eleven. The line-up: Right tackle

CORNELL, 29; COLGATE, 5.

ITHACA, Sept. 24.—Colgate treated Cornell to a surprise this afternoon by scoring on the local team in the latter part of the second half, but in justice to Cornell it must be stated that the visitors didn't score until the Cornell team had put in five substitutes. The final score of the game was: Cornell, 29; Colgate, 5. The Colgate team outweighed Cornell on an average of fifteen pounds to a man, and at times were able to rip big holes in the Cornell line, but were generally stoped before they got the ball near the danger line. The game clearly showed that Cornell was weak on defensive work, and the coaches are rather pleased with this fact, as the team has been somewhat overconfident since the gaine with Syracuse on Wednesday.

Nearly all of Cornell's gains were made by Capt. Whitting, who circled the visitors' ends at will. The line-up:

Left guard ThompsonCentre ..Right guard Right tackleQuarter back..... Whitings Capt.). Left half back. Right half back ... Windsor..... Starbuck. Pull back. Cramp (Capt.)

Other Football Games.

STRACUSE. Sept. 24.—The Syracuse University game with the Baldwinsville Academy team scheduled for to-day was cancelled, the 'varsity being allowed to meet only college teams under a recent ruling of the faculty.

Carlisle, Pa., Sept. 24.—The football season opened here to-day amid much excitement among the sporting fraternity. The first game was played at the Athletic grounds between Dickinson College and the Susquehanna University team. The score was 24 to 0 in favor of Dickinson.

Lewishung, Pa., Sept. 24.—Bucknell University was played, Pa., Sept. 24.—Bucknell University was played.

Versity team. The score was 24 to 0 in favor of Dickinson.

LEWISBURG, Pa., Sept. 24.—Bucknell University opened the football season with Wyoming Seminary to-day. Owing to the warm weather and short practice, only fifteen minute halves were played. In the second half Riemer went across the line, scoring for Bucknell, Mathewson kicked the goal. The score: Bucknell, 6; Wyoming, 0.

Bellerone, Pa., Sept. 24.—State College opened the scason to-day by defeating Gettysburg College, 47 to 0. State played very snappy and aggressive, not losing the bail on downs throughout the entire game. There was considerable fumbling, but within the limit of remedy, Hewitt, the new half back, showed up in clever style, making several brilliant runs, one of which was for ninety yards. In the second half williams, dettysburg's centre, was badly hurt and had to be carried off the field.

Victors of Last Year Defeated in the Cane Rush-Contest Held in Public.

NEW BRUNSWICK, N. J., Sept. 24.-In a hotly contested public cane rush on Neilson Field this afternoon, the freshman class of Rutgers, 1902, defeated the victors of last year, the men of 1901. Heretofore these contests or "rushes" have been held at midnight and have been witnessed by Rutgers men chiefly. This time, however, permission had been obtained from the authorities to have the contest public,

the authorities to have the contest public. Many ladies were prosent, and they cheered their favorities at each new stage of the competition.

The freshmen came upon the field forty-two strong. They had their faces blackened in order to tell their comrades from their foes, for this was the first time they had assembled together. The sophomores appeared with twenty-four men. Both sides were attired principally in football costumes, heavily padded, but some of them were in nondescript array. The latter came out offthe contest in many cases with not a stitch to their backs. The rush was laughable, and one young man who distinguished himself in hauling off opponents by the leg-was William Wyckoff, a brawny young freshman.

The contest lasted twelve minutes continuously, though a pistol was fired at the end of the sixth minute to encourage the contestants. The referees of the match were A. J. Walter. 177. and Wayne H. Thompson, '98. Floyd Decker, '18, was timekeeper. At the end of the twelfth minute hands were counted and it was found that 1802 had 14 hands upon the cane while 1901 had but 11.

CAB HORSE BLOCKS CABLE CAR.

Water Main Burst, Made Street Slippery, and Horse Tumbled in Trolley Trench. There were two slight accidents vesterday in Broadway, between Twenty-fourth and Twenty-seventh streets, where the east side of the street is torn up for the installation of the un-

street is torn up for the installation of the underground trolley. Trenches eight feet wide are excavated there, and men were posted at each end of them all day turning out vehicles. A water main at Twenty-sixth street burst in the forencon, made everything slippery, and loosened flagstones on the other side of the street, before the watercould be shut off. In the afternoon a hansom cab driven by Mike Manahan turned up Broadway from Twenty-fourth street. At Twenty-fifth street the horse slipped on the edge of the trench and tumbled in, overturning the hansom on the cable read track. Manahan was thrown to the street, but was not hurt.

The laborers at work in the trench after trying ineffectually to make the horse jump out, were about to build an inclined way of planks to lead him up and out when an ambulance of the Society for the Prevention of Crueity to Animals arrived and set up a derrick. Bands were passed under the horse and the windlass was manned. Meantime, all uptown travol on the cable cars was blocked and a crowd collected. The horse was lifted almost to the level of the street, when the derrick gave way. Then the laborers carried out their original idea of a plank incline, while the derrick was retired for repairs. The horse was not injured.

A BOY'S ODD MISHAP.

Wedged Solidly Between a Wagon Body and a Wheel but Not Hurt.

Wesley Bouker, 6 years old, of 61 Jewett ave nue, Jersey City, climbed on the rear of a ped dler's wagon yesterday to steal a ride vehicle struck a car track and the jolt threw the boy between the side of the wagon body and the wheel, where he was wedged in so tightly that his body acted as a brake and stopped the wagon. The wheel had to be taken off before the lad could be released. He was not hurt, and started for home on a run.

Played on the Roof, Fell, and Was Killed Celia Zimmerman, 9 years old, of 109 Henry street, went on the roof of her home yesterday afternoon to play. She was found lying dead in the yard. She had fallen seven stories. Wind-Up of the Harness Racing at Mineola
